Interested Party:

We are pleased to present you with the final Record of Decision (ROD), Appendices A through F to the Final Environmental Impact Statement (FEIS), and the FEIS errata for the Four-Forest Restoration Initiative (4FRI), Coconino and Kaibab National Forests. These documents, as well as the FEIS and specialist reports including the errata, are available for review on the 4FRI website at: www.fs.usda.gov/main/4fri/planning.

The objection process, and in particular the objection resolution meetings held from March 16th through April 9th, was productive and resulted in agreements to augment the ROD, and to clarify and modify the FEIS, its appendices, and some supporting documents. The modifications and clarifications made to the FEIS and supporting documents as a result of the objection resolution meetings are detailed in Appendix 1 to the final ROD.

CDs are currently available at the Coconino and Kaibab National Forest Supervisors Offices. A limited number of final RODs will also be available in hard copy by June 1st at these locations.

If you have any questions or document requests, please contact 4FRI Team Leader Annette Fredette at 928-226-4684.

Sincerely,

SCOTT RUSSELL

Acting Forest Supervisor, Coconino National Forest

MICHAEL R. WILLIAMS

Forest Supervisor, Kaibab National Forest
